BUSINESS IN ABEYANCE
PENDING COURT RULING

Tener Denies Feds Will Invade
Brooklyn—Johnson Says "Re-
spect the Dead."

CINCINNATI, February 6.—Matters of vast importance in organized base ball will have to await the decision of Judge Landis in the suit of the Federal League against organized base ball. This was the decision arrived at late this afternoon at a meeting in this city of the national commission.

Presidents Tener of the National League and Johnson of the American League and Garry Herrmann, chairman of the commission, met here today to pass upon the draft rule, so far as the American Association of ball clubs is concerned. Chairman Herrmann was re-elected. After the commissioners had been in conference for a short while it was given out that they deemed it best to await the decision of Judge Landis in the trust suit.

As it was thought Judge Landis would hand down his decision today, a number of base ball men came to this city, but when they learned that such was not the case they left. The commission's session was behind closed doors and matters of minor importance were all the business transacted.

Chivington Presents Case.

The commission heard remarks of Thomas Chivington, president of the American Association, who recently gave out a statement predicting the draft rule would be lifted from the A. A. clubs, which he devoutly desires.

Following his conference with the commission, President Chivington held a short conference with the president of the Indianapolis club of the American Association.

In an interview, President Tener of the National League said: "There is no truth at all in the stories coming out of New York that organized base ball would yield to the Federal League by letting them buy into the Brooklyn club."

Ben Johnson, in an interview, said: "The talk of the American League breaking with the National is real. The league is simply independent organizations as it is, with a national commission imposed merely to arbitrate between them, smooth down any casual differences and in every possible manner help them both to run their separate affairs without either hostile clashes or begging for favors. The Federalists, oh, what's the use? Respect the dead!"

DUAL FENCING CONTEST.

Navy Easily Beats Massachusetts
Teck. Taking All Nine Bouts.

ANNAPOLIS, Md., February 6.—The Annapolis easily defeated Massachusetts Institute of Technology in a dual fencing contest here today. The foil was the weapon used in the main contest and the middies made a clean sweep, taking all nine bouts.

The Boston institution sent a three-man team to Annapolis, while five of the Navy bladesmen participated in the bouts. The visiting team consisted of McCrea, Shakespeare and Herman, and the middies who contested were Glennon, Partello, White, Peck and Halpin. The middiesmen displayed excellent form in every respect.

There was one redeeming feature for the Bostonians. This was furnished by the two bouts with the saber, McCrea of the visitors defeating both Hattie and Headlee of the Annapolis aggregation.

OFFERS AVIATION TROPHIES.

Curtiss Aims to Stimulate Aero-
nautics in Army and Navy.

NEW YORK, February 6.—A five thousand-dollar trophy and five prizes of \$1,000 each have been offered by Glenn H. Curtiss, through the Aero Club of America, for competition between army and navy aviators. The trophy is to be competed for annually, and the pilot or pilots winning the contest are to get the \$1,000 prize, or the equivalent in silver.

Mr. Curtiss had a conference with Air R. Hawley, president and Henry A. Wise Wood, Alan A. Ryan, W. W. Millard and Henry Woodhouse, governors of the Aero Club of America, at which the proposed trophy was discussed. After considering the different purposes for which the trophy could be offered it was agreed that greater good could be accomplished by offering it for competition between the army and navy aviators.

BOXING TOURNEY PLANNED.

Georgetown Students to Clash at
Ryan Gym the 17th.

Boxing Instructor Bateman of the Georgetown University has made arrangements for a tournament of his students for the evening of February 17 in the Ryan gymnasium. Admission will be by card only.

There will be eight bouts at the different weights, and Prof. Bateman is anxious to demonstrate the advance made by the students under his tutelage. A majority of the students have become quite proficient with the gloves, and the contests will doubtless be exciting and interesting.

CONFERS WITH FEDS.

Pat Powers Said to Plan Club for
Newark, N. J.

Special Dispatch to The Star.
NEW YORK, February 6.—P. T. Powers, once a promoter of six-day bicycle races, has been holding a series of conferences with the Federal League men in Chicago. This is in line with the announcement that Powers and J. J. Lillis, formerly owner of the Jersey City club, were at the head of a movement to establish a Federal League club in Newark.

Powers and Lillis have the backing of a prominent contractor in Jersey City and it is said they have an option on a piece of property near Harrison, N. J. A gun club once used this plot of ground, which covers twelve acres and is located on the Hudson tube line to Newark, which can be reached in less than ten minutes. As Sunday base ball is permitted in New Jersey, the Harrison grounds are unusually suitable for such exhibitions. Powers is an experienced base ball man. He was manager of the Rochester club in the old Eastern League, of which he became president later on. He also managed the Giants in 1892. He is popular among all classes of base ball officials and is a prominent member of the Elys.

The story that Powers is trying to put a Federal League club in this city apparently is without foundation. Such a venture would cost a mint of money.

TO ENTER NEW YORK

International Wants to Place
Team in the Bronx.

WOULD BLOCK THE FEDS

Sixteen Major League Clubs Must
Give Consent Before Plan Can
Go Through.

Special Dispatch to The Star.
NEW YORK, February 6.—It leaked out today that President Edward G. Barrow of the International League has asked the club owners of the National and American leagues to permit him to locate a new club in the Bronx.

Barrow's request for this sanction was considered by the American League men here last Wednesday and President Ben Johnson finally put the matter squarely up to Col. Ruppert and Capt. Huston, owners of the Yankees, who have not yet reached a decision.

At the National League meeting here next Tuesday President Tener will read Barrow's request to the club owners and will call for a vote. H. N. Hempstead, president of the Giants, probably will be the one to make the final decision, as he will be most affected by the proposed invasion of Greater New York territory. President Barrow could not be found last night, but the fact that his letters are in the possession of Presidents Johnson and Tener is sufficient proof that he intends to make a determined effort to carry out the plan successfully.

William Gibson, well known as a sporting promoter and the owner of several restaurants in the Bronx, has promised to furnish ample backing for the proposed new ball club. It was learned yesterday that Gibson had several conferences with Barrow recently and set forth the fact that the Bronx has developed into a city by itself, with nearly 600,000 inhabitants. Gibson is prepared to build a new stadium on the corner of 149th street and 3d avenue, and is ready to sign William J. Clynner to manage the team.

Would Block Feds.

By admitting the International League to the Bronx it is argued that the attendance at the Polo Grounds, more than six miles away from the site for the new park, would be decreased. Furthermore, the occupation of the Bronx by Barrow's league would possibly block a plan to put a Federal League club in that part of the city. The Bronx is well equipped with elevated, subway and surface lines, so that there can be no lack of rapid transit.

Under the provisions of the national agreement, which governs organized base ball, it is necessary to obtain the consent of the sixteen major league clubs before the Barrow-Gibson plan can be put into effect. If either the Yankees or the Giants refuse to consent, the plan will be sidetracked, but Barrow, it is said, has the moral support of some of the most influential men in the game and therefore he is extremely hopeful.

In view of the fact that the International League has been in a disastrous fight with the Federals in Buffalo and Baltimore, there seems no probability of its putting a club north of the Harlem river.

NAVY SWIMMERS BEST.

Outpoint Pittsburgh University in
Dual Meet by 36 to 17.

ANNAPOLIS, Md., February 6.—The Annapolis won from the University of Pittsburgh in a dual swimming contest here this afternoon by a score of 36 to 17 points. The visitors had two good water dogs in Sweet and Buckland. The former took first in the 100-yard dash, while Buckland came to the front in the 50-yard backstroke event. But the real star of the meet was Dashiell, the husky midshipman, who was first in both of the distance swims, and he also was a member of the successful relay team. Dashiell broke the academy record for the 220-yard swim, taking the distance in 2:22.4 seconds, nearly three seconds better than the record. Swope of Pittsburgh also broke the record for the 40-yard dash. He did the distance in 20.4 seconds, which is two seconds longer than the Navy record.

100-yard relay—Won by Navy (Dashiell, Herndon, Cook, Vail; Pittsburgh team: Sweet, Buckland, Lewis, Swope. Time, 1:22.4.) 50-yard dash—Won by Sweet, Pittsburgh. Vail, Navy, second; Marshall, Navy, third. Time, 0:22.4.
